Gym Protocols

CLASS RESERVATION

We will continue to have reservations in effect to help us manage capacities and ensure social distancing compliance. You **MUST** reserve your spot for a class.

Due to class size limitations we ask that athletes do not reserve for multiple class times within the day, and athletes cancel within an appropriate amount of time for another waitlisted athlete to be able to take the class.

FACE COVERINGS

Athletes are required to wear a mask when entering the facility and when social distancing cannot be maintained.

PERSONAL BELONGINGS

We ask members to only bring items needed during their class. Personal belongings may be stored in designated day cubbies or within your individual zone as space permits.

DURING WORKOUT

Athletes will have an assigned zone that will be supplied with necessary equipment as equipment will not be shared. Staff is available to support additional equipment requests and/or cleaning supplies as needed throughout your workout.

CLASS SCHEDULING UPDATES

Our class schedule and open-gym hours have been updated. As always, we will continually evaluate our participation and do our best to ensure we are accommodating the interests of our entire community.

Our top priority is ensuring the health and safety of our staff, members, and the greater community.
